Although few specialty light bulbs and sockets are manufactured anymore, I have decent inventories of most types in stock, plus additional sources for nearly everything. All are guaranteed brand new, most being NOS (new old stock). Shelf life is forever.

Prices usually rise as inventory is sold off. Website updated daily to reflect current stock and prices. Click **add to cart** button above, and order at today's prices.

I don't guarantee brand of manufacture, but you are welcome to suggest a brand preference. If you do require a certain brand; read my [general information](#).
